

Ciao Tympan is proud to introduce his brand new 5 tracks CD « Issue de Secours » which came out at the end of 2012.

Ciao Tympan (Tympan is an eardrum in French) was born in South France, near Marseille, in the very heart of Provence. There was even a story: one day, as they were rehearsing in front of the battlements, the town doors suddenly opened giving rise to an explosive creation called Ciao Tympan:

A mighty machine which will take you in its universe full of bewitched rhythms! A musical mixture with the only objective is to make you dance!

Trenchant lyrics and some rambling choruses...

But above all the band takes its energy from the stage, field which seems to be a part of it, where each member express himself in its own particular way and give you its explosive mix of humor and rage!

Inspired by Ska, Dub and Rock with a pinch of traditional music: a great party time for your eardrum!

Ciao Tympan it is also dozens of concerts and festivals in the south-east of France. On the road the share the top line of the poster with some famous artists like: Hilight Tribe, La Ruda, Mon Côté Punk, Junior Cony, PKRK, Daïpivo, SpakR, Walter, Kwal...

A training which wishes entertaining audiences from different horizons...

Pushed by the desire to keep its music alive, the band gladly gives you its new CD "Issue de Secours" ("Fire Escape") recorded and mastered at Studio Muvida in partnership with the Café Provisoire/MJC of Manosque and Le Kfé Quoi of Villeneuve. (04, South-East of France)
